Alfred Deller

The Voice of Purcell Album remasterisé à partir des masters analogiques

En 1979 disparaissait l'un des acteurs majeurs de la révolution « baroque », assurément le plus célèbre contre-ténor du xxe siècle. Suprême tour de force, Alfred Deller avait même réussi à nous convaincre que, trois siècles auparavant, Purcell avait composé ses songs à son intention ! Le public des années 1960-70 a découvert avec lui non seulement un timbre tout simplement inimitable mais aussi les délices d'un répertoire qui dormait jusque là dans les bibliothèques. Quarante ans après sa mort, grâce au travail de remastérisation méticuleux entrepris par harmonia mundi à partir des masters originaux, l'art d'Alfred Deller nous semble plus vivant que jamais !
